NEXUS COMPLY FAST TRACK

Compliance made simple, helping your organisation confidently accelerate its journey toward certification, assurance, and governance excellence.

Nexus Comply Fast Track from Secure Nexus streamlines the path to Cyber Essentials Plus, ISO 27001, and other key standards through expert guidance, practical controls, and continuous improvement.

Our specialists combine advisory expertise with technical validation to deliver a proven, step-by-step programme that strengthens governance, reduces risk, and helps you achieve certification faster without the stress.

Why Choose Nexus Comply Fast Track

- **Accelerated Timelines:** Get from gap analysis to certification in weeks, not months.

- **Expert-Led Delivery:** Guided by ISO-certified consultants and UK-based security engineers.

- **Integrated Technical Controls:** Aligns documentation with real, measurable security improvements.

- **Audit Confidence:** Evidence-ready reports and artefacts to satisfy auditors or assessors.

- **Long-Term Value:** Builds sustainable security practices that extend beyond certification.

Our Structured 4-Phase Approach

Phase	Focus	Outcomes
1: Assess	Gap analysis and baseline review.	Identify compliance gaps against ISO 27001, Cyber Essentials Plus, and GDPR. Prioritised roadmap produced within 10 working days.
2: Implement	Policy, process, and control deployment.	Develop or refine policies, risk assessments, andtechnical safeguards (MFA, backup, patching, monitoring).
3: Validate	Evidence and readiness testing.	Internal audit or mock assessment, vulnerability scan, and user awareness verification to confirm control effectiveness.
4: Sustain	Ongoing improvement and monitoring.	Quarterly reviews, risk register updates, and continuous posture tracking.

Core Service Components

• **Policy & Documentation Framework:** Custom ISMS/QMS templates, security policies, risk assessments, asset registers, and audit-ready procedures.
